

Peachtree Gynecology Insurance Participation List

Please note that our managed care contracts are negotiated through the Piedmont Medical Care Foundation/Piedmont Clinic. We ask that you do not contact us about joining your insurance carrier, should we be non-participating for your carrier. If you are in doubt whether we participate with your plan, **call your insurance company** using our Tax ID number which is 20-2631928.

We will only file office visits or office services claims for plans that we have a contract with. We do not file Indemnity Plans for office visits. We **can not** file Out of State HMO plans. On the bottom of your Patient Registration Form you will find our full Financial Policy.

If you have any questions about this information please direct your inquiry to the office administrator, Yvonne Sumlin. Thank you.
